

ASSISTIVE TECHNOLOGY FOR CAREGIVING

LIVE UNITED

- Caring for a loved one?*
- Worried about them while you are at work or away?*
- A resident of Morris or Warren County?*
- A smart phone owner with a Wi-Fi connection?*
- Overwhelmed by technology?*

LEARN HOW SIMPLE TECHNOLOGY CAN HELP

United Way of Northern New Jersey Caregivers Coalition is offering a free assessment by Assistive Technology Specialists to help create a tailored plan to meet your and your family's needs.

The specialists will help to create a plan, provide the assistive technology (e.g. virtual assistants, drop-in cameras, smart plugs, video doorbells and more!) and educate the family on how to use the devices. Select devices will be provided to the caregiver/care recipient as needed. The team will also provide ongoing support to be sure the technology continues to meet your needs.

For more information, contact Stephanie.Samuel@UnitedWayNNJ.org (973-993-1160 x115) or Susan.Cohen@UnitedWayNNJ.org (973-993-1160 x108)

This program is funded in part The Morris County Board of Chosen Freeholders, The Warren County Board of Chosen Freeholders with funds from the Older Americans Act and other funds from the Warren County Department of Human Services and Morristown Medical Center Community Health Committee. Donations are gratefully accepted for caregiver programming
